Please note that to successfully complete the home study program, you will need to submit all of the assignments for review to the Education Coordinator. You will also need to write and pass the exam, something that can be done after the assignments have been turned in. All of this work needs to be completed within a 12 month period, a period that starts when the manual is sent out to you by the administrative officer. Please understand that if the assignments are not handed in, you will not pass the program.
